

## Board of County Commissioners Agenda Request

Date of Meeting: May 14, 2002  
Date Submitted: May 9, 2002  
To: Honorable Chairman and Members of the Board  
From: Parwez Alam, County Administrator *PA*  
Michael C. Willett, Director of Public Works  
Subject: Joint Project Agreement (JPA) Concerning the Funding of the Multi-Lane Reconstruction of State Road 61 (Crawfordville Highway) from Rivers Road to State Road 363 Four Points Intersection and Memorandum of Agreement (MOA) for the Construction Advance Funding

---

### Statement of Issue:

In order to continue with the advance schedule for Phase I of the Florida Department of Transportation's (FDOT) U.S. 319/Crawfordville Road widening project from Wakulla Springs Road to Four Points, the Board is required to approve the Joint Project Agreement (JPA) (Attachment #1) and Memorandum of Agreement (MOA) (Attachment #2) for the construction advance funding and authorize the Chairman to execute the documents.

### Background:

During the May 8, 2001 Regular Meeting, the Board approved the right-of-way acquisition JPA's (Attachment #3). These agreements have been executed and the advance funds have been transferred to the FDOT and right-of-way has been initiated. The next step in advancing the project is the funding for construction.

### Analysis:

FDOT has continued to accelerate Phase I of U.S. 319/Crawfordville Highway. The right-of-way acquisition is moving forward and is to be completed by January 2003. The County will be reimbursed these funds in September 2004.

FDOT and staff have prepared the JPA and MOA for the advance funding of \$13,600,000 to construct this segment of US 319/Crawfordville Highway. The County Attorney's office has reviewed and approved these agreements. The adopted County five year budget plan for US 319/Crawfordville Highway, Phase I (Attachment #4) appropriates the funds in Account Number 308-051002-56300-541 for FY 02/03 and FDOT presently has bid opening scheduled for March 2003. Through the advance funding, this project is accelerated by three years. The County will be reimbursed these funds in September 2006.

LEON COUNTY, FLORIDA**

**CONCERNING THE FUNDING OF THE MULTI-LANE RECONSTRUCTION OF STATE ROAD 61 (CRAWFORDVILLE HIGHWAY) FROM RIVERS ROAD TO STATE ROAD 363 FOUR POINTS INTERSECTION.**

This Agreement is made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2002, by and between the State of Florida, Department of Transportation, hereinafter called the DEPARTMENT, whose mailing address is Haydon Burns Building, 605 Suwannee Street, Tallahassee, Florida 32304, and Leon County, Florida, a political subdivision of the State of Florida, hereinafter called the COUNTY, whose mailing address is 301 South Monroe Street, Room 202, Tallahassee, Florida 32301.

**WITNESSETH**

**WHEREAS**, the DEPARTMENT agrees to administer construction and CEI on State Road 61 (Crawfordville Highway) from Rivers Road to State Road 363 Four Points Intersection in Leon County, Florida; and

**WHEREAS**, the COUNTY wishes to provide funding for construction and CEI on State Road 61 (Crawfordville Highway) from Rivers Road to State Road 363 Four Points Intersection (said construction and CEI shall, for the purposes of this Agreement, hereinafter be referred to as the PROJECT); and

**WHEREAS**, the DEPARTMENT is prepared to begin funding said PROJECT in State fiscal year 2006, FM No. 219748 1; and

**WHEREAS**, said PROJECT is on the State Highway System and is not revenue producing; and

**WHEREAS**, to expedite the PROJECT in advance of the DEPARTMENT' s schedule, the COUNTY is prepared to provide advanced funding of the PROJECT; and

**WHEREAS**, the performance of the PROJECT is in the interest of both the DEPARTMENT and the COUNTY and it would be most practical, expeditious, and economical for the COUNTY to provide advanced funds for the PROJECT; and

WHEREAS, the Board of County Commissioners of Leon County, meeting in regular session on the \_\_\_\_\_ day of \_\_\_\_\_, 2002, has authorized the Chairman of the Leon County Commission to enter into this Agreement; and

FURTHER WHEREAS, the parties are authorized to enter into this agreement under law, specifically but not limited to, the provisions of Section 339.12 Florida Statutes 2000;

NOW THEREFORE, in consideration of these premises and the covenants contained herein, the parties agree to the following:

1. All of the preceding is incorporated into the body of this Agreement and is, by reference, made a part hereof.
2. The DEPARTMENT shall administer construction and CEI designated under the description of the PROJECT.
3. The DEPARTMENT's preliminary estimate of construction and CEI costs is *thirteen million six hundred thousand dollars (\$13,600,000)*. Prior to advertising the project for bid, the DEPARTMENT shall make a pre-bid estimate of the construction and CEI costs. The DEPARTMENT and the COUNTY shall each review this pre-bid estimate of total project cost and elect whether or not to proceed with the PROJECT. The DEPARTMENT and the COUNTY shall notify each other in writing within twenty-one (21) days after the DEPARTMENT provides the estimate, of their election of whether or not to proceed. If either party elects not to proceed under this paragraph, this Agreement shall be null and void.
4. If the DEPARTMENT and the COUNTY elect to proceed, the COUNTY agrees that it will, at least 14 calendar days prior to the DEPARTMENT's advertising the PROJECT for construction bids, furnish the DEPARTMENT an advance deposit in the amount of the estimated cost for construction and CEI costs. The DEPARTMENT may utilize this deposit for payment of the costs of said construction and CEI.
- 5.A. Following the initial deposit pursuant to paragraph four, the DEPARTMENT shall select a C.E.I. consultant in accordance with the Consultants Competitive Negotiation Act and advertise for construction bids. The DEPARTMENT shall determine in its sole discretion which bid it will select, if any. The DEPARTMENT may reject all bids regardless of the amounts bid for the PROJECT construction. If the total of the bid selected and CEI cost is an amount equal to or less than the amount deposited as provided in paragraph 4 above, the DEPARTMENT may accept the bid and proceed without further notice to or approval by COUNTY.

- B.(1) If the total of the bid selected along with CEI costs is greater than the amount deposited as provided in paragraph four above, the DEPARTMENT shall notify the COUNTY of the amount of the cost increase prior to bid acceptance. The COUNTY shall notify the DEPARTMENT in writing, within twenty-one (21) days after the DEPARTMENT provides notice of the increased costs of the PROJECT, of its election as to whether or not it shall fund the PROJECT at the increased cost.
- (2) Should contract modifications occur that increase total PROJECT costs, the COUNTY will be notified by the DEPARTMENT accordingly. The COUNTY agrees to provide, in advance of the additional work being performed, additional funds to ensure that cash on deposit with the DEPARTMENT is sufficient to fully fund the PROJECT. The DEPARTMENT shall notify the COUNTY as soon as it becomes apparent the actual costs will overrun the award amount; however, failure of the DEPARTMENT to so notify the COUNTY shall not relieve the COUNTY from its obligation to pay for its full contribution on final accounting as provided herein below.
- C. Copies of Notices and/or invoice, which are directed to the COUNTY, shall be sent to Director of Public Works, Michael Willett, 2280 Miccosukee Road, Tallahassee, Florida 32308.
6. The payment of funds by the COUNTY required above shall be deposited as provided in the attached Memorandum of Agreement between COUNTY, and State of Florida Department of Insurance, Division of Treasury. Interest accrued and received shall be treated as funds advanced by the COUNTY for project funding purposes.
7. All project cost records and accounts shall be subject to audit by a representative of the COUNTY for a period of three years after final close out of the project. The COUNTY will be notified of the final cost. Both parties agree that in the event the final accounting of total project costs pursuant to the terms of this agreement is less than the total deposits to date, a refund of the excess will be made by the DEPARTMENT to the COUNTY in accordance with Section 215.422, Florida Statutes (1999). In the event said final accounting of the total project costs is greater than the total deposits to date, the COUNTY will pay the additional amount within forty calendar days from the date of the invoice. The COUNTY agrees to pay interest at a rate established pursuant to Section 55.03, Florida Statutes (1999), on any invoice not paid within the time specified in the preceding sentence until the invoice is paid.

8. In State fiscal year 2006, the DEPARTMENT agrees to reimburse the COUNTY by lump sum payment.
9. In the event it becomes necessary for any party to institute suit against another party for the enforcement of the provisions of this AGREEMENT, the prevailing party is entitled to reasonable attorneys' fee plus court costs. Also in the event of litigation, the parties agree that the Laws of the State of Florida shall apply.
10. The COUNTY will be entitled at all times to be advised, at its request, as to the status of work being done by the DEPARTMENT and of the details thereof. Any party to the Agreement may request and be granted a conference.
11. The provisions of Chapter 339.135(6)(a)(1999), Florida Statutes, are hereby incorporated:  

The DEPARTMENT, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection shall be null and void, and no money may be paid on such contract. To the extent allowed by the Laws of Florida and pursuant to (1999) Florida Statute 768.28, each party hereby agrees to indemnify, defend, save, and hold harmless the other party from all claims, demands, liabilities, and suits of any nature arising out of, because of, or due to any negligent act or occurrence or omission or commission of the party, its agents, or employees.
13. This Agreement shall continue in effect and be binding on the parties until the PROJECT is completed, final costs are known, and appropriate reimbursements are made.
14. This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understanding applicable to the matters contained herein and the parties agree that there are no commitments, agreements or

understanding concerning the subject matter of this AGREEMENT that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representation or agreements whether oral or written. It is further agreed that no modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality of equal dignity herewith.

15. This AGREEMENT shall not be more strictly construed against either party hereto by reason of the fact that one party may have drafted or prepared any or all of the terms and provisions hereof.

Date of Meeting: May 8, 2001  
To: Honorable Chairman and Members of the Board  
From: Parwez Alam, County Administrator *PA*  
Michael C. Willett, Director of Public Works  
Subject: Crawfordville Road

---

**Statement of Issue:**

In order to continue with Phase One of the Florida Department of Transportation's (FDOT) U.S. 319/Crawfordville Road widening project from Four Points south to Wakulla Springs Road, the following three items need to be approved by the Board:

1. State of Florida Department of Transportation County Incentive Grant Program JPA (Attachment #1);
2. Joint Project Agreement (JPA) with the FDOT for right-of-way costs (Attachment #2); and,
3. Joint Project Agreement (JPA) with St. Joe/Arvida Company, L.P. (Attachment #3).

**Background:**

Leon County and the FDOT District Three Office have been working together since 1998 to develop a funding strategy that would allow the FDOT to move Phase One of Crawfordville into the District's Five Year Work Program. The strategy approved by the Board allowed Leon County, FDOT, Department of Management Services (DMS) and Arvida to combine their funding efforts (Attachment #4). In doing so, the mitigation requirements for DMS and Arvida became part of the overall Phase One portion of Crawfordville Road. Had the above steps not been taken, DMS and Arvida would have been required to make their improvements, only to have them torn out when FDOT started construction of Phase One, a circumstance considered unacceptable by all parties concerned.

On July 25, 2000, the Board approved the "Crawfordville Road, Phase One Joint Participation Agreement (Attachment #4), that approved the County advance funding \$6,311,400 to the FDOT for right-of-way acquisition for Phase One of Crawfordville Road. Repayment by the FDOT for this advanced funding is scheduled to begin in 2003/2004.

In a letter from Gene Martin, P.E., staff was advised that the right-of-way cost estimate had increased to \$8,341,700 (Attachment #5). He requested the County advise if the FDOT should continue to accelerate the project.

Staff met in late November with FDOT staff to develop a funding strategy to keep Phase One on track to meet all parties requirements.

**Analysis:**

The Florida DMS and St. Joe Arvida, as part of their Development's of Regional Impact (DRI), were required to mitigate the impacts of their developments on the area's roadway network. Crawfordville Road was one of those roads and in order to expedite Phase One of the Crawfordville Road project and achieve some very significant economies of scale, the DMS and Arvida, with the encouragement of the FDOT, decided to make their contributions together. In doing so, the FDOT was able to include their improvements in the overall concept, allowing FDOT to construct all of Phase One at the same time. The DMS JPA is already active with full payment from the DMS having already been made to the County.

To accomplish the right-of-way and construction, the two staff agreed that a combination of the development mitigation funds, advance funding and County Incentive Grant Program funds would be necessary.

During the 2000 Florida Legislative Session, the Legislature passed the "County Incentive Grant Program"(CIGP). Codified as Section 339.2817, Florida Statutes, the intent of the new law was to provide grants to county governments contributing local funds to improve (1) the State Highway System; and/or, (2) a local road that significantly improves the performance of a state owned facility. The grant specifies that the FDOT will contribute 50% of the cost for improving the State Highway System, and 35% of the cost for improving local roads that positively impact a state owned facility.

The funding strategy is as follows:

**Right-of-Way Acquisition**

**FY 2000/2001**

Department of Management Services	\$1,498,768
Leon County Advance Funding	<u>\$1,842,932</u>
	\$3,341,700

**FY 2001/2002**

Leon County	\$2,500,000
FDOT CIGP	<u>\$2,500,000</u>
	\$5,000,000

Total Right-of-Way.....\$8,341,700

**Construction**

**FY 2002/2003**

Department of Management Services	\$ 73,429
St. Joe/Arvida Company, L.P.	\$ 427,833
Leon County Advance Funding	<u>\$13,098,738</u>

**Total Construction.....\$13,600,000**

**FDOT Reimbursement Schedule**

**Right-of-Way**

**FY 2003/2004** **\$ 1,842,932**

**Construction**

**FY 2005/2006** **\$13,098,738**

Accomplishing this strategy requires the approval of JPA's and a County Incentive Grant for the right-of-way acquisition and construction. At a future Board meeting staff will present a JPA with FDOT to accomplish the construction.

The FDOT has amended the FY 2001 to FY 2005 Work Program (Attachment #6) through the Metropolitan Planning Organization (MPO) approval process and has included the project funding balances in the proposed FY2002 to FY2006 Work Program before the 2001 Legislature.

**Options:**

1. Approve the County Incentive Grant Program JPA with the FDOT District Three Office.
2. Approve the County/FDOT JPA that includes the new right-of-way costs.
3. Approve the County/St. Joe/Arvida Company, L.P. JPA.
4. Disapprove the County Incentive Grant Program JPA with the FDOT District Three Office.
5. Disapprove the County/FDOT JPA that includes the new right-of-way costs.
6. Disapprove the County/St. Joe/Arvida Company, L.P. JPA.
7. Board Direction.
